PROFESSIONAL SUMMARY

A dedicated, friendly, hard-working professional video creator with editing and on-set experience. Editing experience includes work with product commercials and social media content, ranging from 15-second clips to far longer projects. Currently editing on the Adobe Creative Cloud with the macOS operating system. Production experience includes sound mixing with Sennheiser microphones and Zoom recorders, work with Canon and Sony products, and Aputure light systems. Overall, I bring advanced knowledge to the editing room, along with passion and equipment knowledge that cannot be matched with on-set work.

WORK EXPERIENCE

Anderson Hughs Productions | June 2022 to present

Video Editor | Sound Mixer | Second Assistant Camera | Production Assistant

- Handle projects from beginning to end—from planning, to shooting, to editing
- Work with a variety of equipment (Canon cameras, Sennheiser microphones)
- Create complex 2D animations and employ various editing techniques
- Fill various roles on set, including sound mixer, second assistant camera, and production assistant

Stop Go Studio | June 2022 to June 2023

Video Editor | Production Assistant

- Compiled raw footage for commercials and social media material
- Added motion graphics and color grading/correction
- On set, I worked in various positions, including sound mixer and production assistant

St. Cloud Norsemen Sports Entertainment | October 2023 to April 2024

Sound Board Operator

- Headed operations of stadium-wide sound board for ice hockey games
- Worked with multiple audio channels, levels, and input/output sources
- Equipment experience included work with Behringer soundboards
